

# Roadmap

Options – Hedge Funds – Analytics – Margin DEX.

Q3  
2021

## Release RISQ Options Desk

Initial release on the Binance Smart Chain with WBTC, ETH, BNB, LINK, UNI, COMP, BCH and more. This will be followed by a second roll out on Polygon.

## Defi Hedge Fund Platform

DeFi smart contracts that oversee the investment system of the DeFi Hedge Fund. Fund investment policies and guidelines are written as smart contracts where 'code is law.'

Q2  
2022

## RISQ Protocol Analytics

A dashboard for tracking investment portfolios, options markets, staking rewards and liquidity yields on RISQ Protocol.

Q3  
2022

## Crypto Margin Trading

Perpetual RISQ is a non-custodial, decentralized margin exchange. Trade leveraged crypto assets with the possibility to combine trades with RISQ Options.

Q4  
2022
